

High Speed Hoists Red Rooster TCS-500 / TCS-980

Product information

Highspeed air chain hoist for loads from 500 up to 980 kg.

RED ROOSTER Air Chain Hoists are especially developed for the "Material Handling Industry". For example: warehousing, packaging etc. These hoists have a very high lifting and lowering speed, making them very suitable for applications with long lifting heights.

- Very high lifting and lowering speeds
- Maximum speed adjustable, lifting and lowering speed independent from each other.
- Precise variable speed control (cord and pendant control).
- · Optimum control of the load, very precise positioning.
- · Compact and light weight.
- Exhaust hose easy to assemble
- Endstop system
- Air motor is cooled by the exhaust air (internal)
- · Cord control or pendant control
- Low noise level
- · Aluminum housing

Optional:

- Marine Specification/Corrosion resistant
- Paint systems from C2 Industrial to C5 Offshore specification (Red finish as standard. Other RAL colours available on request).
- · Choice of pendants.
- Radio control pendant for electro pneumatic controls.
- · Control systems.
- Chain collectors (PVC, galvanised or stainless steel).
- · Various types of hook or clevis available.
- · Air supply systems and valves.
- · Air Service unit.
- · Piped away exhaust air.
- In house design for "specials".
- · Festoon systems.
- Main air shut off valve.

ATEX:

· According to EC Directive 94/9/EC (Ex Classification)

Recommended:

We strongly recommend using an air handling unit, e.g. from SMC (offered separately).

Features: Very high lifting and lowering speeds.
